The applicant has been told to seek a building permit from Louisville Metro and they will come back to Barbourmeade for construction approval, which will include a review against the design/character ordinance.

Mr. Faust also stated he has been working with MSD on drainage issues on his property and he would like to get assistance from Barbourmeade to look at possible improvements and also speak with MSD. City Engineer Ted Trautwein said individual owners usually are more successful than cities like Barbourmeade. He recommended he and his neighbor continue to speak with MSD as individuals.
